

Information and Instructions

ProsQuat KI

Art. No. 500103

Usage:

Is suitable as a hair fixing material before using a bald cap or to help to prepare the hair before attaching wigs and hairpieces.

Product description:

Strong, sticky and water-soluble.

Safety Precautions:

Keep out of reach from children.

Keep bottle tightly closed.

Processing:

Preparative arrangements with ProsQuat KI before setting of a bald cap:

Massage 40 ml of ProsQuat KI into towel dried hair (at a hair length of 10 cm) and comb the hair into the right position.

Now use the sticky effect to position the bald cap and start to finish your work.

If you don't want a sticky effect, use a hair dryer to dry the hair into the correct position before positioning the bald cap.

Cleaning:

Is simple – shampooing the hair.
